MEMORANDUM FOR: [] Executive Officer STAT
Office of Global Issues

FROM : [] NFAC/Congressional Support Staff STAT

SUBJECT : Congressional Briefing Request

1. Richard McCall, a staff member of the Senate Democratic Policy Committee, (i.e., he works for Sen. Byrd and the Democratic leadership) has asked if the Agency could provide a briefing on the major issues and problems facing Third World countries in regard to economic development. In effect, he wants an intelligence briefing on the kinds of issues discussed at Cancun.

2. McCall envisions this as an informal, mainly question-and-answer session to acquaint the Senators with issues¹ which many have not yet focused. He hopes to have about 25 Senators from both parties. He has suggested late January or early February.

3. If OGI decides to proceed with this, I will work with McCall to devise a precise agenda. I believe OGI should act as coordinator, drawing on the resources of other offices as needed.

memo for the record: 1982
As of 30 Mar, Mr. McCall has not
gotten back to us on their request. Assume
it's a dead letter. JH
